

About Kandu™

At Kandu Health™ we care deeply about people affected by stroke. Kandu is a new digital health company designed for and by people recovering from stroke. We've partnered with a community of stroke survivors and care partners to develop a program that meets the unique needs of survivors and their families.

Kandu Health is led by experienced healthcare leaders, clinical advisors, and technology experts who have made stroke care their life's work. We are a diverse team of professionals, clinicians and stroke survivors, committed to helping the stroke community thrive.

“As an Occupational Therapist, I have assisted many survivors and their care partners with stroke recovery. Having a stroke is an unexpected experience and it can be difficult to know what to do. At Kandu, our Navigators provide guidance and resources to support your recovery journey.”

Kandu™

Empowering Stroke Survivors

1

Kandu Health™ provides stroke survivors and their care partners remote support as they return home from the hospital.

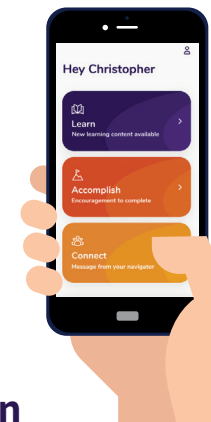

Our free program combines the assistance of a clinically trained Kandu™ Navigator and an easy-to-use app. Kandu Navigators are licensed Occupational Therapists or Clinical Social Workers trained in stroke recovery. They provide:

- **Personalized education and resources**
- **Connection to other survivors and care partners**
- **Tools to manage your life after stroke**

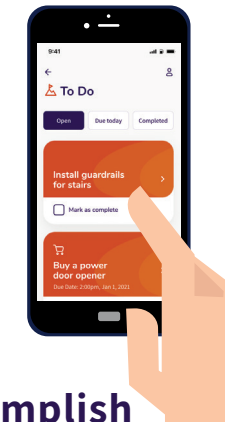

2

The Kandu app provides access to education, tools and community to support your recovery. The app includes three areas.

Learn

Information about your stroke, ways to keep you safe, and how to live your life after stroke

Accomplish

Tools to manage and track your recovery progress

Connect

Message your Kandu Navigator and our community of stroke survivors and care partners

Enrollment Information

1. Two Ways to Enroll:

- > **If you are in the hospital**, tell your healthcare team you are interested in Kandu. They will send us your contact information.
- > **If you have left the hospital**, contact us directly at 1-833-526-3848.

2. Create Your Account:

Download the app and wait for an activation text. Kandu will text you from 415-707-2920 with instructions to create your account.

3. Connect with Your Kandu Navigator:

Your Kandu Navigator is your support person. They will contact you to schedule an introductory call.
